

Dear Parents,

We are excited to introduce **The Rising Star Award** at [ADD SCHOOL NAME]

This innovative program celebrates our students' achievements through practical, real-life challenges that promote independence and essential life skills.

Although the program uses a digital app for tracking, students will complete the challenges through real-life tasks. They will provide evidence of their work, which will be uploaded to the app for review. Rest assured, all data and evidence are securely stored on a protected server, with safeguarding as a top priority. [Set a completion deadline—your choice, but it must be within the academic year.]

#### How does it work:

- **Certificates and Awards:** Students will receive a certificate upon completing each level. They can earn a bronze, silver, or gold medal, shield, or badge depending on their grade or age.
- **Program Details:** The awards focus on key skills such as life skills, understanding the world (global citizenship), wellbeing, sustainability, and entrepreneurship. Challenges are designed to be age-appropriate and practical, and teachers review evidence on a dedicated portal.
- **Grade-Level Participation:** Each level is tailored to a specific age or grade levels, ensuring that challenges are suitable for the student's developmental stage. Students can progress at their own pace, with tasks aligned to their grade level.
- **Recognition:** Students will be formally recognised with a certificate and award during a special ceremony upon completion.

#### How to register your child on The Rising Star Award:

##### Card payments:

Please follow the link below/scan QR code and use the login details to register your child and make payment of 100AED on the award portal.
